

THE MONTEREY BAY SALMON AND TROUT PROJECT
presents
Salmon and Trout Education Program
K-12 Teacher Workshop
January 28 & 29, 2012
8:00 a.m. – 4:00 p.m.

Address of Workshop: NOAA Southwest Fisheries Science Center, 110 Shaffer Road, Santa Cruz, CA 95060

STEP – The Salmon and Trout Education Program is a thematic curriculum designed to enable a teacher to provide students with information about our native salmon and steelhead populations.

STEP Training will provide the teacher with:

- focus of life cycles, habitat preservation, water conservation, and use of natural resources
- field experience in a local stream ecosystem
- ways to create a successful program in the classroom
- a copy of the K-12 STEP curriculum (includes alignment with State Science Standards)
- certification for classroom incubation

CEU credits available

Besides an incredible training, you also get to walk away with your self-made aquaviewer and fishprint T-shirt! Science Resource Kits available for nominal charge (includes CD's, DVD's, slide displays, poster, etc.)

Schedule

Day One

Historical Perspective
Life Cycles & Habitat
Guidelines for Successful Field Study
Preparation for Study
Creekside Riparian Study

Day Two

Using Field Data Back in the Classroom
